ADVICE LETTER NO. 567

Ms. Trisha Osborne, Assistant Commission Secretary
Public Utilities Commission of Nevada
Capitol Plaza
1150 East William Street
Carson City, Nevada 89701-3109

Dear Ms. Osborne:

Nevada Power Company d/b/a/ NV Energy ("Nevada Power") hereby submits for filing with the Public Utilities Commission of Nevada ("Commission") proposed revisions to Electric Tariff No. 1 – B.

This advice letter is being filed to revise the language used in the optional residential schedules related to the best bill Guarantee outlined in the Special Conditions of each affected tariff. The proposed revisions eliminate the references to specific rate components that are used in the calculation of the guarantee. The result is that all rate components in both the optional residential schedules and the otherwise applicable standard rate schedule are used in the guarantee calculation. The guarantee will compare the total amount paid by the customer under the optional rate schedule, excluding any Miscellaneous or Late Charges, with the amount that would have been paid under the otherwise applicable standard rate schedule.
