BEFORE THE PUBLIC UTILITIES COMMISSION OF NEVADA

Application of Sierra Pacific Power Company
d/b/a NV Energy for Approval of a Large Load
Electric Service Agreement with Amazon Data
Services, Inc.

Docket No. 26-05026

PETITION FOR LEAVE TO INTERVENE

Pursuant to Nevada Administrative Code (“NAC”) 703.580, 703.585, 703.590 and 703.595, Amazon Data Services, Inc. (“Amazon”) hereby petitions the Public Utilities Commission of Nevada (“Commission”) for leave to intervene in the above captioned proceeding (the “Petition” or “PLTI”). In support of this Petition, Amazon states as follows:

1. All notices, pleadings, documents and correspondence pertaining to this proceeding should be directed to the following individuals whose names and addresses are listed below.

2. Amazon is located at 2121 8th Avenue, Seattle, WA 98121.

3. Pursuant to NAC Section 703.580, any person who claims to have a direct and substantial interest in a proceeding and desires to participate in it as an intervener must file a petition for leave to intervene. A person has a direct and substantial interest in a proceeding if:

- a) A statute explicitly confers on the person a right to intervene; or
- b) The person claims an interest relating to the property or transaction which is the subject of the proceeding and the person is so situated that the disposition of the proceeding will, as a practical matter, impair or impede the ability of the person to protect that interest, unless the person is adequately represented by existing parties.

4. Sierra Pacific Power Company d/b/a NV Energy (“Sierra Pacific Power Company” or “NV Energy”) filed its Application of Sierra Pacific Power Company d/b/a NV Energy for Approval of a Large Load Energy Service Agreement with Amazon Data Services, Inc. (“Application”) on May 27, 2026.¹ In the Application, NV Energy seeks approval of a Large Load and Large Customer Market Price Energy Electric Service Agreement (“Hybrid LLESA”) between NV Energy and Amazon.² If approved by the Commission, the Hybrid LLESA will govern certain terms of Amazon’s electric service in NV Energy’s Sierra Pacific Power Company service territory.³

5. As a customer taking service under the Hybrid LLESA, Amazon will be directly impacted by the Commission’s decision regarding the Application. The Hybrid LLESA will not only govern the price Amazon pays for electric service, but it will establish additional commercial obligations Amazon must satisfy to maintain service over the term of the agreement.⁴ The relationship between Amazon’s electric service terms and the Commission’s decision as to whether to approve the Application therefore substantiates Amazon’s interest in this proceeding.

6. No other party to these proceedings is as knowledgeable as Amazon about its business operations in Nevada, including its power supply strategy. As a result, no other party is

capable of representing and protecting Amazon's interests. Amazon's participation in these proceedings will not unduly delay or broaden the proceedings because Amazon's interests are confined to the scope of the issues put forward in the Application. Amazon intends to offer relevant material evidence as to the impact of the Application on its interests.

7. Amazon respectfully requests the right to participate fully in this Docket, including but not limited to conducting discovery, participating in all hearings and oral argument, presenting evidence at the hearing and cross-examining all witnesses. Amazon's participation will assist the Commission in having all the facts available that may be necessary to determine the appropriateness of the proposals contained in the Application. Amazon has not made a decision as to whether it will seek affirmative relief.

WHEREFORE, Amazon requests that the Commission enter an Order:

1. Granting the Petition filed herein and permit Amazon the right to fully participate in this Docket; and
2. For such other and further relief as the Commission may deem just and proper.

DATED this 1 July 2026.

Respectfully submitted,

HOLLAND & HART LLP
