RE: Written Comments Regarding Filing Submission Delay – Docket No. 26-10005

To Whom It May Concern:

Whispering Sands LLC respectfully submits these written comments regarding the delay in submitting its required regulatory reports to the Public Utilities Commission of Nevada.

The Company acknowledges that the required reports were submitted on March 31, 2026, one day after the March 30 deadline. During the filing process, the Company experienced technical difficulties with the electronic submission system, which prevented the reports from being successfully transmitted within the required timeframe.

Despite these technical challenges, the Company made every effort to complete the filing as promptly as possible. Once the submission issues were resolved, the reports were successfully sent on March 31, 2026.

The Company respectfully wishes to clarify that this delay was unintentional and was not the result of negligence or disregard for its regulatory responsibilities. We recognize the importance of meeting all filing deadlines and remain committed to complying with the Commission's requirements.

In consideration of these circumstances and the minimal one-day delay, we respectfully request that the Commission accept this explanation and consider waiving any administrative fines, penalties, or further enforcement actions associated with the late filing.

The Company remains dedicated to maintaining compliance with all applicable regulatory obligations and will continue taking the necessary steps to ensure that future filings are completed and submitted on time.

Should the Commission require any additional information or supporting documentation, we would be happy to provide it.

We sincerely appreciate the Commission's time, understanding, and consideration of this matter.

Sincerely,
S/ Rebecca Morales,
