CENTURYLINK'S APPLICATION FOR RELIEF FROM ITS DESIGNATION AS AN ELIGIBLE TELECOMMUNICATION CARRIER

CenturyLink of Nevada, LLC d/b/a CenturyLink ("CenturyLink" or "the Company") respectfully submits this Application for Relinquishment of its Eligible Telecommunication Carrier ("ETC") designation[1], pursuant to 47 U.S.C.§214(e)(2) and (4), 47 C.F.R. §53.210, and Nevada Administrative Code ("NAC") 704.680466, (the "Application").

[1] An ETC is a provider of telecommunications certified by the Federal Communications Commission to be eligible to receive federal universal service support throughout a designated service area. See 47 CFR §54.201.

II. SUMMARY OF APPLICATION

CenturyLink hereby applies to the Public Utilities Commission of Nevada ("PUCN") or "Commission") for relinquishment of its ETC designation throughout its Nevada service territory. CenturyLink satisfies the requirements of NAC 704.680466 and 47 U.S.C. 214(e)(5) by demonstrating herein that all of its service territory is served by more than one ETC which is capable of providing continuous service to CenturyLink's customers.

CenturyLink will not discontinue any legacy voice service or basic network service for any customer receiving that service today, as a result of granting of this Application. No customer will be left without access to 911 as a result of granting this Application.

CenturyLink does not participate in the FCC's Connect America Fund program or receive any other federal high cost universal service support. In addition, CenturyLink does not receive funds from the Nevada Universal Service Fund, and has not received such funds since 2024.

CenturyLink currently has 222 customers in Nevada who receive a federal Lifeline discount today and 179 who receive Nevada Lifeline credits. CenturyLink will continue to provide Lifeline services to these customers until all conditions precedent to relinquishment have been satisfied and the Commission has authorized its relinquishment. If this Application is approved, CenturyLink will provide ample notice to remaining customers of the need to select another ETC to continue receiving a Lifeline discount.

III. BACKGROUND INFORMATION

CenturyLink is an incumbent local exchange carrier ("ILEC") providing telecommunications services as defined in federal law.[2] In addition, CenturyLink is a Telecommunication Service Provider as defined in NRS 704.027 that provides Telecommunication

[2] See, e.g., 47 U.S.C. §251(h)(1).

Service as defined in NRS 704.025. The Commission has granted CenturyLink full relief from Provider of Last Resort ("POLR") obligations throughout its service territory.[3]

On December 30, 1997, the Commission designated Central Telephone Company as an ETC throughout the area it is authorized to serve under its Certificate of Public Convenience and Necessity ("CPCN"). Many other telecommunications carriers have received ETC designation in CenturyLink's service territory, as shown in the map in Attachment 1 and the table in Attachment 2 to this Application.

IV. NEVADA LAW AND COMMISSION PRECEDENT AUTHORIZE THE COMMISSION TO APPROVE CENTURYLINK'S APPLICATION TO RELINQUISH ITS ETC STATUS.

A. CenturyLink Satisfies the Requirement for Relinquishment of ETC Designation under NAC 704.680466.

Nevada law provides that the Commission "will approve" relinquishment of ETC designation by a provider of telecommunication services if it "determines that other eligible telecommunication carriers serving that service territory are capable of and will provide continuous service to customers served by the Applicant and "will issue an order" approving or denying such an application within 90 days of receipt of the application.[4]

These provisions of Nevada law are consistent with 47 U.S.C. §214(e)(2) and 47 C.F.R. §54.205, which address the authority of state commissions to designate carriers as ETCs and authorize carriers to relinquish their ETC designation. As stated in 47 U.S.C. §214(e)(2), "A State commission… shall permit an eligible telecommunications carrier to relinquish its designation as such a [ETC] carrier in any area served by more than one eligible telecommunications carrier."

[3] See PUCN Orders dated April 14, 2014, in Docket 13-12004 (granting partial POLR relief) and April 1, 2026 in Docket 25-11010 (granting full POLR relief).
[4] See NAC 704.680466.

B. There Are Multiple ETCs Serving CenturyLink's Service Territory Today.

Competitive provision of telecommunication services in CenturyLink service territory has been robust for many years. As early as 2013, the Commission granted CenturyLink's Application for POLR relief in most of its service territory, approving a Stipulation in which the parties agreed to CenturyLink's request that the Commission grant this broad POLR relief because they agreed that CenturyLink had "met all the necessary requirements set forth in NRS 704.68886" by demonstrating that both Cox and Verizon were "capable of providing alternative voice service to the entire area where CenturyLink seeks relief".[5]

More recently, The Commission granted CenturyLink's Application for POLR relief for the remainder of its service territory based upon its acceptance of the Stipulation in which the Settling Parties agreed that CenturyLink met all the requirements of NRS 705.68886 by demonstrating that HughesNet, Starlink, and Viasat are "providers capable of provisioning/supporting alternative voice service per NRS 704.68886(15(a) for CenturyLink's remaining POLR Area…and can provide alternative voice service to the Area for Relief".[6]

In addition to decisions of the Commission approving Stipulations showing the availability of alternative telecommunication service providers in CenturyLink's service territory, contemporary publicly available information shows that there is more than one additional alternative ETC capable of and providing service to customers throughout CenturyLink's service territory today as demonstrated in Attachments 1 and 2 to this Application.

---

[5] See Docket No. 13-12004, Stipulation, at 3.

[6] The Stipulation approved by the Commission in Docket No. 25-11010 included a term under which "CenturyLink agrees for a period of six months from the date of the order accepting this Stipulation to extend CenturyLink's plant to provide basic network service (which may include alternative voice service as provided by NRS 704.68881)…" (Proposed Stipulation submitted March 4, 2026, Agreement at 5,6, para. 3). The Commission accepted the Proposed Stipulation on March 31, 2026, so this time period expired on September 31, 2026, relieving CenturyLink of the duty to extend plant to provide basic network service after that date.

C. Granting this Application is consistent with the Commission's decisions approving applications in which AT&T Nevada requested the Commission's approval to relinquish ETC designation.

AT&T has applied for and has received approval to relinquish its ETC designation in its service territory, in four different dockets: Docket No. 19-10007, Docket No. 24-02034, Docket No. 24-12024, and Docket No. 26-03025. The Proposed Stipulation approved in Docket No. 26-03025 notes that "AT&T Nevada is no longer a POLR in any of exchanges areas in the State of Nevada in Attachment A" of its CPC.

Similarly, CenturyLink has been relieved by the Commission of its Nevada POLR obligations in which CenturyLink submitted information demonstrating the availability of alternative eligible telecommunications carriers serve throughout CenturyLink's service territory that are capable of and will provide continuous service to customers served by the Applicant. Therefore, approval of this Application will be consistent with the Commission's decisions in Docket No. 19-10007, Docket No. 24-02034, Docket No. 24-12024, and Docket No. 26-03025.

V. DRAFT OF PUBLIC NOTICE

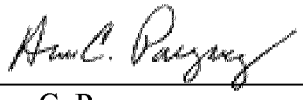

CenturyLink includes a draft public notice of this Application, in Attachment 3 to this Application.

VI. REQUEST FOR RELIEF

CenturyLink has demonstrated in this Application that it meets the requirement of NRS 704.680466(2), of showing that there are "other eligible telecommunications carriers serving that service area are capable of and will provide continuous service to customers served by the

applicant." Given that, CenturyLink respectfully requests the Commission to approve CenturyLink's Application to relinquish its ETC designation.

Respectfully submitted this 10th day of November, 2026.
