RE: Written Comments Regarding Filing Submission Delay – Docket No. 26-10005

To Whom It May Concern:

American Campground LLC respectfully submits these written comments regarding the timing of its regulatory filing and the subsequent receipt of that filing by the Public Utilities Commission of Nevada.

The Company would like to clarify that the required filing was submitted on March 28, 2026, prior to the March 30 deadline. However, the filing was not received or reflected in the Commission's records until after March 30

The Company made a good-faith effort to fulfill its regulatory obligations within the required timeframe. The delay between the original submission date and the date the filing was received by the Commission was not intentional, nor was it an attempt to disregard any regulatory requirements.

We respectfully request that the Commission take into consideration the original submission date of March 28 when reviewing the Company's compliance status.

The Company remains committed to maintaining compliance with all applicable regulatory requirements and ensuring that future filings are submitted and properly documented in a timely manner.

In light of these circumstances, we respectfully request that the Commission consider this explanation and refrain from imposing administrative penalties or taking further enforcement action related to this filing.

Should the Commission require any additional information or supporting documentation regarding the original submission date, we would be happy to provide it.

We sincerely appreciate the Commission's time, understanding, and consideration of this matter.

Sincerely,
S/ Rebecca Morales
