Re: Petition of the Regulatory Operations Staff of the Commission for an Order to Appear and Show Cause to Determine Why Certificates of Public Convenience and Necessity, Licenses, or Permits Should Not Be Revoked, Why Administrative Fines Should Not Be Imposed, and/or Why Administrative Action Should Not Be Taken On Certain Companies That Did Not Timely Meet Their Regulatory Obligations for Calendar Year 2025 and/or the Period July 1, 2025, through June 30, 2026. (Docket No. 26-10005)

Dear Ms. Osborne:

On October 6, 2026, Regulatory Operations Staff of the Commission ("Staff") filed the above-referenced Petition for an Order to Show Cause ("Petition"). The Commission's procedural order permits companies named in the Petition to file comments by November 12, 2026.

Staff named Forged Fiber 37, LLC ("Forged Fiber") as a late filer for the Annual Report Payment and as missing the Nevada Universal Service Fund ("NUSF") remittance worksheets for Q4-2025 and Q1-Q2 of 2026.

As explained below, Forged Fiber apologizes for these errors and asks the Commission to dismiss them from this proceeding and take no further action as the company corrected its late or missing reports and has strengthened its controls to ensure timely and complete submissions.

Background:

With respect to the late Annual Report payment, Forged Fiber timely filed its Annual Report as required on or before May 15. Forged Fiber did not remit a payment with its Annual Report as there were $0 intrastate operating revenues for the period. Upon learning that a minimum payment of $100 was due regardless of operating revenues, we submitted the $100 payment and a $10 late fee on August 28, 2026. The Lead Tax Manager is aware of this requirement moving forward and has established an updated reminder to submit the required payment with the Annual Report each year.

With respect to the outstanding NUSF remittance worksheets for Q4-2025 and Q1-Q2 of 2026, FF37 did not have any assessable NUSF revenues for these quarters and as such did not file remittance worksheets. We have reached out to Solix to confirm account access and proceed with filing the applicable worksheets. We are working with Salvatore Cooper at Solix to complete this filing. The Lead Tax Manager is aware of this requirement moving forward and has established an updated reminder to submit quarterly NUSF reports reflecting any assessable revenues or a $0 payment report as appropriate.

Corrective Action:

Items and controls have been put in place to guard against late and missing filings in the future. These actions are as follows:

- Communicated with team to reinforce the understanding of due dates and importance of sending remittance worksheets before the due date.
- Lead Tax Managers have established updated calendar reminders regarding compliance with these filing requirements.

Conclusion:

Forged Fiber takes their obligations to the Commission seriously and appreciates the opportunity to present comments in this proceeding. The company is in good standing and has paid in full. Considering the inadvertent nature of these oversights, Forged Fiber respectfully requests the Commission take no further action and dismiss them from this proceeding.

Please contact me at (312) 480-9342 if you have any questions.

Respectfully submitted,

\s\ Kathleen Franco
